Dear Dark Horse Comics,

Hi! I'm an avid reader of your manga titles, i.a., *Oh My Goddess!*, *Gunsmith Cats*, and *Shadow Lady*. I just picked up *The Fourth Goddess* part 7, and I have a question concerning something I noticed in the book· when Peorth challenges Belldandy, Belldandy summons "Sacred Bell." My concern, I thought Belldandy's angel's name was Holy Bell. Am I wrong to assume that is a typo (though I would not doubt the translation skills of your team), or is it possibly due to some legal issue that forced your team to change it to "Sacred Bell" from "Holy Bell"?

Sincerely,
Dan Borjal
via e-mail

As you probably noticed, Dan, at the start of this issue Belldandy summons her angel as "Blessed Bell." Ona possibility is that *OMG!* author Kosuke Fujishima chooses to be vague. Belldandy's angel (being an angel) could hava a heavenly moniker which surpasses words like "secred," "holy," and "blessed," yet the closest thing thet Belldandy can verbalize are those earthly words. Perhaps Belldandy chooses a diffarent seraphic adjactive every time just for fun? (And you thought "seraphic" was only for "feathers"!)

Hello, Mike Hansen,

I hope you're enjoying your new job as manga editor. You'll have to tell us what you do some time (besides read letters). Do you get to edit the transletion, or does SP [Studio Proteus] heve the final word? Just curious. *Oh My Goddess!* is my favorite title, though I buy almost all of the manga. The latest issue really got me excited, because it was a great story and because it reminded me of a song on one of my anime CDs. The '97 *Goddess Single Collection* CD has a track Skuld (Aya Hisakawa) sings called "Jitensha" (Bicycle).

So I sat down and managed to translate it. My Japanese skills are only self-taught, so there are probably a few mistakes. It helped a lot that I knew the contaxt of the song from the manga story. I also made a small web page with the words to the song. It's at *http://www.gl umbc.edu/~cmould1/skuld/*.

Great web page, *Chris*! Thanks for letting us know.

Studio Proteus handles the actual translating on Dark Horse's manga. But es the editor, I get to see scripts before each issue is lettered, so if there ara any problems or mistakas, I've gotta catch 'em a... uh, well, you know what I mean... (groan)

Dear Letters to the Enchantress,

The *Queen and the Goddess* issue was good. It's really nice to see Sayoko again. Peorth was getting boring. I've often seen those Cthulian Octopod things lurking around

depressed, doubtful people in manga comics, and thanks to Kosuke Fujishima, now we know why! Belldandy just looks so ewesome in Goddess mode. If I met the Blessed Mary, I'd expect her to look like that. I wish pen friends would not print just their e-mail addys. Some of us can't use a Magic Box.

A reminder to readers: when you write in to us, if you do not tell us to put you on the *OMG!* Pen Pal List, then we won't. Give us your mailing address and age if you wish, and also a Magic Box — I mean, e-mail — address if you have one. Thanks for the card, James!

With computer programs getting better and better, more comics are being lettered electronically. But if anyone could be a spokesperson for the beauty of hand-lettering, it's *OMG!* fan Katherine "Yaten-Chan" Chi from New Mexico! She pencilled and mailed a beautiful letter to us and we thought we'd print it just as it is! Nice work, Katherine!

Dear Enchantress,

Hihi! I really think it's wonderful how Mr. Kosuke Fujishima draws with so much detail. Many manga artists only illustrate a character or characters with maybe a few objects decorating the background. After watching the detailed & highly impressive anime, I usually become disappointed when I buy the manga later. The art tends to lack the same eye-popping style as the animation or seems to be more rough sketches with some lines not properly erased. This case does not apply to Mr. Fujishima's work as it is quite noticeable that his manga is just as stunningly smooth & beautiful as the anime.

Keep doing the great work!

Dear Sirs,

My wife and I wanted to take this opportunity to write to you to let you know how Dark Horse Comics, *Oh My Goddess!*, and manga/anime in general have all combined to affect our lives in a very dramatic way.

In the fall of 1995, I was first introduced to the world of manga through your publication of the *Oh My Goddess!* series. I was so excited by this new discovery that I wrote the first and only fan letter of my life to the Enchantress column, asking readers to write to me with more information on *OMG!* and manga in general. One of the readers who replied to my fan letter was a young lady named Jennifer. To make a long story short, Jennifer and I wrote to one another regularly, first through the U.S. Mail and then through e-mail. Our relationship went from that of being mere acquaintances who shared similar interests (primarily anime/manga), to one of good friends, then to great friends, and then beyond. Three years later, we are now married and expecting our first child at the end of the year!

We want to thank the great people at Dark Horse Comics for the excellent work you have all been doing in bringing the world of manga to the U.S. market. Without you, Jennifer and I would never have met and our lives would not be as rich and fulfilling as they have become during these past three years. Not to mention, the new life that Dark Horse helped to bring into this world in the form of our first child!

Keep up the great work!

Sincerely,
Eric and Jennifer DeBlackmere
Little Rock, Arkansas

Thanks to you both for writing and sharing your story. Good luck with your little one!

Dear Mike and staff at Dark Horse,

Two years ago, I wrote a fan letter to the best comic in the world. I was so in love with the story and the art of *Oh My Goddess!* and I just had to write and say, "Thank you." Once more, I reached out for pen pals.

Through the years, I've met some kind and interesting pen pals with all kinds of stories from each one. I am so thankful for all the wonderful friends I meet along the way via my pen pals. We all relate through anime and manga, but especially through *Oh My Goddess!*

Well, two years ago today I wrote to a person who I found very special and unique. We were so similar in many things in life, but

we shared a common bond through *Oh My Goddess!* This person became a special friend in my life. Then soon best friends, and then loves. Our life is so much like *Oh My Goddess!* it seems hard to believe. And this is why I thank Dark Horse. I thank Dark Horse for the pen-pal page, for letting me find my true love, for printing my letters and picture, but more importantly, .I thank Dark Horse for bringing *Oh My Goddess!* to the United States and into my life!!

I have had wonderful pen pals that gave me confidence and hope. They've been my Skuld and Urd!

Thank you so much for the pages of *Oh My Goddess!* I will always cherish these comics. If it wasn't for *Oh My Goddess!* and the pen pals, I would never have met my true love . my Keiichi! Keep up the continuing good work! This is a very special book!

Dear Enchantress,

So much comics work is full of blood and gore, brutality and anger. In *Oh My Goddess!*, I see something that gives to the soul and spirit. People need to trust, hope, smile, and shed tears of joy. *OMG!* is for these people, like me. *OMG!* is my favorite manga for joy.

Truth, simple honesty, sweetness, and a glad gleam of an eye looking to the future, no guile or cluttering lies.

OMG! reminds me that life can be beautiful and full of goodness. Keiichi's in the process of self discovery, and new vistas await him and his loving Belldandy and his sister as she's growing. We get to see this, and it's a grand thing.

Motorcycles, hot rods, astronomy, anime, manga, and spiritual growth fill my life now, and thank you for the opportunity to share Keiichi and Belldandy's world. It's great.

Rivers of steel, spokes in the sky, ah, but stars so numerous like love and joy, you wonder why. But it's right before us, the hope and joy of things we all shall see.

Chris M. Loomis
Lynnwood, WA

Thanks for the poetic letter, Chris. As per your request, we've added your address to our *OMG!* pen-pal list!

Dear Enchantress,

Other titles have come and gone, but Fujishima's work has remained relevant throughout my tenure as a manga reader. I've gone from fanboy to otaku to post-otaku to Asian Studies student. I've gone from zero Japanese ability to near fluency (a silly pastime of mine is to compare the brilliant Studio Proteus translations with the originals). And still, I look forward to every issue the seme way I did five years ago.

This is clearly some kind of testament to both Fujishima's storytelling ability and Dark Horse's presentation of said ability. As a high school student, I identified with Keiichi's fumbling attempts at romance. Now, as a college student, I identify with his daily life and the weirdness that always seems to go with college. Somehow, although Fujishima's subjects and themes often seem fantastic, they tap into the sense of immediate and real wonder that I felt reading adventure books as a child. The suspension of disbelief is effective in a profound way. This sort of magical quality is rare. Dark Horse treats this masterpiece with the respect it deserves, a respect all too often missing in modern English renditions of manga.

Dark Horse and Studio Proteus consistently bring manga to the English-speaking world with higher production values than anybody in the industry. Once, I naively entertained fantasies that I could someday work as a translator for you or some similar outfit. Now, of course, I realize the folly inherent in the idea. Translation is hard. No, not just hard, profoundly difficult. Yet *Oh My Goddess!* never fails to be rendered into English elegantly and simply. My hat is off to you. Keep publishing, and I'll keep buying. The best, no doubt, is yet to come.

Paul Starr
via e-mail

Thanks for the encouraging letter, Paul. If *Oh My Goddess!* teaches us anything, it's the lesson that dreams CAN come true. Whether it's Asian Studies or translating texts, best of luck to you!

Dear Enchantress,

I don't really have anything special to say, other than that Belldandy is my favorite manga/anime character of all. She is surely the kindest, gentlest, most loving and loveable character ever created. And anyone who can conceive and bring to life someone like Belldandy as Fujishima-sensei does must be really likeable, too.

I have been following the series in *Afternoon* as well as buying Dark Horse's comics, and I can tell that, although the stories now span several episodes, they are still as funny, off-the-wall, and heartwarming as ever. To think that Fujishima-sensei has been keeping this series going month after month since 1988! The man is a genius.

I'm delighted to see you're now printing *Seraphic Feather* and *Shadow Star* (or Naru-Taru as it's called originally) [**in our sister title, *Super Manga Blast!* — p.s.**]. Shiina-chan is a nice girl. I wouldn't mind having as a friend, and Kei Heidemann is a consummate cutie!

Keep up the good work!

Thomas McKee

Thanks, Thomas! From great fan letters to great fan art, keep sending it all in! See you all in thirty for more action-packed, humorous romance!

The story so far

College student Keiichi Morisato accidentally dialed a wrong number and summoned the goddess Belldandy! After granting Keiichi's wish that she stay with him forever, Belldandy and her sisters, Urd and Skuld, are living with him — and having plenty of misadventures! Jealous of Belldandy's reign as campus queen of Nekomi Tech, Sayoko is aided by Mara, a Demon First Class, who transforms the entire campus into Sayoko's twisted kingdom! Will Keiichi and the goddesses be able to put things right, or will they be assimilated into Sayoko's nightmarish alternate reality?

The "new" Nekomi Tech just gets weirder and weirder! We hope you're enjoying this extended *Oh My Goddess!* tale. Thanks, everyone, for sending in your great fan art and pen-pal list requests! But...well...could you guys take some time out from writing *pen pals*, to actually send us a letter? Belldandy's not too happy and misses her mail, as you can see in the illustration we'll refer to as "Belldandy-With-Love-Bat" (see Zach Thompson's picture below)!

Dear Enchantress,

Greetings from Oxnard, CA.

I would like to thank the people of Dark Horse Comics for publishing *Oh My Goddess!* The issue "Pretty in Scarlet" was a wonderful and touching story. I'm looking forward to seeing Skuld and her angel in another mini series. Also, I'm hoping to see Sora back with the gang again.

About the other manga that you are publishing. I hope that you can publish another Masakazu Katsura work after *Shadow Lady*. Could you, if possible?

Again, thank you for all the hard work that you are doing for us, the readers, in bringing *Oh My Goddess!* and other wonderful manga works here to the U.S.

I hope that you take plenty of rest from work, and I hope you are having a wonderful year.

Sincerely,
Wilson Villacorte
Oxnard, CA

Thanks for your support, Wilson! As for Scarlet and Sora returning to Keiichi and the goddesses' crazed household...well...we're not giving a*nything* away! So please just enjoy the ride and wait and see! As for *resting*...our beloved manga maestro, MikeHI, is not getting any rest. By the time you read this, Mike will have spent busy weekends at the San Diego Con and the Chicago Con, meeting fans, spreading the manga word, and speaking at manga discussion panels. He also accepted an Eisner Award for *Blade of the Immortal*, which received an Eisner for Best U.S. Edition of Foreign Material! (So "CHEERS!" to our sister comic, *Blade of the Immortal*!) To top it off, he's recently assumed editing duties on Dark Horse's *Lone Wolf and Cub* series and the new *Silke* comic. There's no rest for the wicked!
